

Litter audit sheet

Make a record of the litter you see when you are out for a walk.

Record how much rubbish you find by placing a tick in the box for each item. At the end of your survey count up all of the ticks to see which item was the most littered.

Visit www.Milton-Keynes.gov.uk/litterpicking to loan out litter pick kits for free and help out by doing a litter pick in your area

Item type	Tick how many you find	Total
Crisp packets 		
Sweet wrappers 		
Cigarette butts 		
Plastic bottles 		
Drinks cans 		
Dog poo 	Just record this - do not touch!	
Other - what else you find?		

Add up the total column to find how many pieces of litter you found:

Who do you think is dropping the litter?
