MILTON KEYNES CORE STRATEGY

REPRESENTATION FROM ANTONY RIPPER (Landowner)
And PETER MAVROGORDATO (his agent)

REPRESENTOR REFERENCE NUMBER:

MATTER 6 ISSUE 6.6

1. It is submitted that the SLA Boundary is not appropriately defined, this for those reasons given in our representation on Matter 1 Issue 1.8.

2. We ask that the whole of that representation may be taken again as repeated applicable to Matter 6 Issue 6.6.

3. We submit that an SLA Boundary cannot possibly be appropriately defined if it excludes a triangular wedge of 3.25 Ha, which creates an illogical intrusion into the built development proposed.
