This map shows the Priority 1 salting routes. These routes are salted every time frost, snow or ice is forecast. We use approximately 11 lorries each time we salt the priority 1 routes and it takes us 2 and a half hours to complete. The salting is normally carried out between 7pm to 10pm and 4am to 7am.

The M1 and A5 are salted by the Highways Agency. For information, call 08700 660 115 or online at http://www.highways.gov.uk/traffic/traffic.aspx

Any problems regarding the salting of Milton Keynes roads, please call the Environment Helpline on 01908 252570.
