Did you know that there is a course for parents and carers of children who have been diagnosed with Autism Spectrum Disorder in Milton Keynes?

**EarlyBird Plus** for children aged 4 years to 8 years 11 months

Aims:
- To train parents, carers and professionals together so the child receives consistent support.
- To build both parents' and professionals' confidence and encourage them to problem solve together.

The National Autistic Society EarlyBird+ approach will help you to:
- Understand your child’s autism
- Improve communication with your child
- Develop strategies to pre-empt problem behaviours and/or manage those which do occur.

*If you think that you might be interested in attending one of these courses in the future please contact:*
