

Interested in volunteering?

Our Children's and Family Centres need you!

“Are you looking to gain some work experience, thinking about job opportunities or just want to give your bit back to your local community?”

Milton Keynes Children's and Family Centres have volunteer opportunities across our centres.

We have varying roles such as:

- **Supporting sessions**
- **Promoting services**
- **Gardening**
- **Meeting and greeting**
- **Administration work**

Volunteering is a great way to gain experience in an area you are interested in. No previous experience is needed.

We will also be offering accredited volunteer training which can support job opportunities and something great to put on your CV.

If you enjoy working with children and families and have a few hours to spare please speak to a member of staff for more information.
