

# Bin Bag Monster Craft

Make your own mini monster!

## You will need:

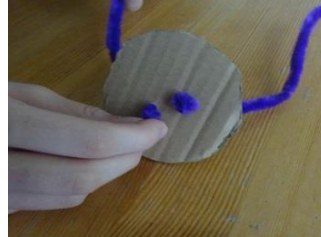

- Bin bag
- Piece of cardboard
- Plastic cup
- Pipe cleaners
- Pair of scissors
- Pencil
- Googly eyes, coloured cardboard/paper, etc

**1.** Place cardboard on a table and then draw around a plastic cup. Cut out the circle

**2.** Using a sharp pencil make 2 small holes in the centre of the circle about 1 cm apart

**3.** Push through the pipe cleaners and turn over the ends.

**4.** Lay out the bin bag and then fold in half length ways. Cut off all of the edges

**5.** Cut the bin bag into strips about the size of an envelope (approx. 25cm x 12cm)

**6.** Take one of the sections and fold over 1cm at one end, then fold under so it lines up with the first fold. Repeat under and over concertina fold for whole strip.

**7.** Place the folded plastic bag strip in the middle of the cardboard circle between the pipe cleaners. Twist the pipe cleaners around the strip to secure it in place.

**8.** Fan out each layer of the plastic bag. Then repeat from **6.** with the remaining strips.

**9.** Add googly eyes, scary mouth, arms, etc. and have fun with your bin bag monster!
