

Green, Green Milton Keynes Song

Sing to the tune of Green Grow the Rushes-ho!

See the singalong video at MK Council YouTube webpage

We recycle in clear bags
Green, green Milton Keynes
Comics, papers, last week's mags
Green, green Milton Keynes
Plastic bottles tubs and trays and tin cans on recycling days

Our recycling goes off to
Green, green Milton Keynes
Make things that are good and new
Green, green Milton Keynes
Toilet rolls and parts for cars and cosy fleeces for grandmas

There's a blue box for glass jars
Green, green Milton Keynes
We know 'cos we're recycling stars
Green, green Milton Keynes
Never cups or pyrex plates when boxes go out at our gates

There's a green wheelie bin
Green, green Milton Keynes
We put all our food waste in
Green, green Milton Keynes
Meat and bones and crusts of bread, mouldy fruit and old cheese spread

Garden waste can go in too
Green, green Milton Keynes
Plants and flowers that are through
Green, green Milton Keynes
When our parents cut the lawn , all the clippings that are shorn

All the rest goes in black sacks
Green, green Milton Keynes
Packaging from salty snacks
Green, green Milton Keynes
Nappies, other things that reek - black sacks go out every week

Now all of us know
Green, green Milton Keynes
Off to Wolverton they go
Green, green Milton Keynes
Energy is made for free you see, to light our homes and cook our tea
