

## Teacher Vacancies

Brooklands Farm Primary School is an exciting and innovative place to learn! We love teaching and children are central to all we do. We want to hear their voice, be inspired by their ideas and learn in partnership with them.

If you are a teacher who embraces this ideology and you are a learner yourself, we want you to join our team.

As a growing school we have teaching vacancies in all year groups to start in September 2019. Applications are invited from teachers at any point in their career who can contribute to our children's learning journey.

We will be opening our school and inviting interviews throughout the Spring Term as we have learned that different career profile teachers look up and out to find a school for them at different times.

We welcome visits to the school as an opportunity to talk to the team and explore our school and ideology about learning. Please come along to visit us at our Fen Street campus on any of the following dates, there is no need to pre-book:

Open days:

19th January 2019 10am - 12 noon

2nd February 2019 10am - 12 noon

*At Brooklands Farm Primary school we take our responsibilities for safeguarding the children in our care very seriously and all appointments are subject to an enhanced Disclosure and Barring Check and the receipt of two references satisfactory to the school*

For an application pack please see our school website:
