The Milton Keynes Academy are currently seeking a talented and engaging Teacher of Computing to join our team. The successful applicant will hold Qualified Teacher Status (QTS), have a proven track record of successful teaching across different key stages and believe that all pupils will succeed in their study of computing. This post is suitable for an experienced teacher looking for an exciting, fresh opportunity or a newly qualified teacher looking for their first teaching role.

The Milton Keynes Academy is an Academy with strong links in the community. Our Academy is underpinned by an ethos based on raising aspirations and raising achievement, so that we realise our mission of providing opportunities for everyone. We are relentless in our pursuit of high standards and excellence and emphasise traditional core values of good behaviour, honesty and mutual respect.

We are a vibrant Academy (Ofsted judgement Good November 2017) with outstanding facilities. We cater for 1400 pupils aged 11-19 and welcome pupils of all abilities. We are a member of the Creative Education Trust (CET), which marks a new phase on our journey

and will further strengthen the Academy on our pursuit to Outstanding. Further information about CET can be found on their website at <http://www.creativeeducationtrust.org.uk/>

The Business & Computing department has five fully equipped IT suites enabling you to deliver engaging lessons. The working environment is excellent and innovative in design with very well-resourced work areas. Student success and displays of work are prominent. Furthermore, you will benefit from a highly organised curriculum plan where all lessons are planned and stored on the Academy's online curriculum.

You will be stepping into a department of five teachers with a range of skills and abilities, managed by a Head of Business & Computing. From the moment you join us you will feel welcomed and supported by an experienced and varied team, who are wholly focused on teaching and learning. As part of your induction into the Academy and the Business & Computing department, you will be well supported through a comprehensive programme of induction, training and coaching to ensure you continue to develop as a teacher.

If you are a talented professional with passion, commitment and resilience, and if you are driven to make a difference to the lives and futures of young people, we would like to hear from you. Please contact Michael Davu, Head of Business & Computing, for more information on 01908 341700 or email us at careers@miltonkeynesacademy.org.uk

Thank you for your interest in working at The Milton Keynes Academy. Further details and an application form can be found on our website at www.miltonkeynesacademy.co.uk

The Milton Keynes Academy and Creative Education Trust are committed to safeguarding and protecting the welfare of children as its number one priority. This commitment to robust recruitment, selection and Induction procedures extends to organisations and services linked to the academy on its behalf.
