How would you like to be part of a large team with a real excitement and 'buzz'?

How would you like to join a growing school with amazing resources and a brand-new campus?

How would you like a school that seriously values their staff and works hard to make sure you can do your job to the absolute best of your abilities?

Hi, I am the Executive Principal of Oxley Park Academy. I have been in post since January 2018 but in that short space of time I can genuinely say this is one special place to work. The children are absolutely amazing, the community is so supportive, the governors are fully behind our vision and most of all the staff team are just brilliant to work with. They are a truly genuine team looking out for each other and making sure everyone is supported in everything we do. Together, all our stakeholders make up 'Team Oxley.'

This is an exciting new position in our school with opportunities to develop an exciting provision across both campuses. The role will involve working as a learning mentor with children as well as supporting parents. We are looking for applicants who are wholeheartedly committed to giving children and their families the support they need to enable children to thrive in school and be the best that they can be and are prepared to work hard to achieve this. It is essential that you are able to work using your own initiative and outside your comfort zone from time to time.

If this has sparked an interest or made you pause, then come and meet the team because it means that you've got the feeling there is something about this school that is unique. I would love to show you around both our superb campuses (Oxley Park and Shenley Wood). You can get a real feel for what Oxley Park Academy is about and I can share this exciting new vision of which you could be part.

I look forward to meeting you.

Noel Springett-McHugh

Executive Principal
