Council Plan

2016 - 2022

Purpose of this Council Plan

The Council Plan (The Plan) sets out how Milton Keynes Council will work to achieve its ambitions for Milton Keynes. Within it are the priorities the Council will address between 2016 and 2022 and a more detailed Delivery Plan showing what will be done and the main milestones along the way.

The Plan was developed by the Labour Administration within the framework established by The Agreement to Work in Partnership (The Agreement) signed on 12 May 2016 by the Leader of the Council and Leader of the Liberal Democrat Group. A subsequent revision has been developed based on the new Agreement to Work in Partnership (The Agreement) signed on 01 May 2020 reflecting the circumstances of the Covid-19 emergency.

Vision

Our vision is for a thriving Milton Keynes, growing to be the greenest and most sustainable city in the world, ensuring a fairer, hardworking and more equal Milton Keynes for all, within a Greater Milton Keynes of 500,000 people.

Milton Keynes is the most successful New Town. We have attracted generations of people and businesses to move to and stay within Milton Keynes, created thousands of jobs and built a city with high quality infrastructure and green space because we have been at the cutting edge of modern thinking.

Milton Keynes Council wants to enable a 21st Century Milton Keynes while preserving what makes us special; an internationally recognised centre of prosperity, economic innovation and cultural creativity, in a high quality green space and built environment.

Our Key Aims

We have three key aims for Milton Keynes:

- **A City of Opportunity**

Milton Keynes has limitless potential. We want every person to have the chance of a good, well paid job and the skills to do it in a more equal society; a prosperous Milton Keynes with a strong, diverse economy that has an international reputation for innovation. We are in the right place to succeed, taking advantage of our excellent links to the wider regional, national and international economies, building on our success in the service and professional industries and taking advantage of new opportunities in a knowledge-based, high skilled green economy. We will support people to succeed, develop the skills they need to access well paid employment and have the opportunity to meet their potential.

- **An Affordable City**

We want to create communities that can attract, retain and enable people from every background. Milton Keynes has been built on meeting the aspirations of people to live in a good home at a price they can afford to rent or buy, and businesses being able to access high quality, affordable premises that meet their needs. We will promote more affordable and sustainable high-quality housing and create the space for business to thrive. We want to ensure citizens have access to high quality services, a well maintained built environment and green space, and a range of facilities and cultural offers that are the fabric of any modern, diverse and successful city.

- **A Healthy City**

We will ensure lifelong wellbeing for all. We want Milton Keynes to be an active, vibrant place with people living long, healthy and fulfilling lives. We will support people and invest in services that promote prevention, choice and empowerment. We will reform public services to encourage aspiration, independence and resilience; ensure children and vulnerable people are protected from harm and neglect and work with partners to integrate services, improve outcomes and reduce health inequalities.

Our Challenges

We face a number of challenges to ensure our success continues into the future and over the period of this Plan. We have an increasing population of young people and an increasing elderly population who need support. Housing is becoming more unaffordable making it harder for citizens to access a decent home to rent or buy; homelessness is on the rise. We need to continue to maintain our public realm and green space and tackle our significant transport issues. At the same time, Milton Keynes Council is facing ever decreasing resources from Central Government to fund this increasing demand for services.

Milton Keynes Council is ambitious for the future of Milton Keynes. We will only be able to adapt and meet the aspirations of our citizens and businesses to succeed if we have a clear vision for how the Council will operate; our priorities and the outcomes we wish to achieve and how we will achieve them.

We will ensure we continue to deliver services focused on getting the basics right, working with citizens, communities, businesses and partners to meet these challenges.

Our Values

As an organisation, Milton Keynes Council wants to set an example in our working practices and deliver excellence for our citizens.

We operate on the principles of a co-operative council and want to build partnerships with other public services, voluntary groups, charities and parish and town councils so that the services that our citizens value can continue to be delivered in a sustainable way into the future.

Our organisational values describe the behaviours that colleagues are expected to demonstrate and these are embedded within regular performance discussions to ensure that our plans are delivered in a co-operative way.

Leadership

Strong leadership is vital to ensuring the continued success of Milton Keynes.

In order to ensure clear leadership for the city and the stability needed for economic success, the new Agreement reached between the Labour Group and Liberal Democrat Group provides for a set of clear priorities, aims and objectives. The Labour and Liberal Democrat manifestos, subject to the Agreement, will be set into the policy framework of Milton Keynes Council.

Our Key Priorities

The key inter-linked priorities of Milton Keynes Council are:

- **A well-managed, balanced budget** – in the light of continuing significant Conservative government austerity and the uncertain impact of the Covid-19 emergency, steps must be taken to ensure expenditure is controlled within the financial period and a balanced and sustainable medium-term budget;
- **Covid-19 Recovery** – we must ensure that our services reflect and adapt to quickly changing circumstances, providing flexibility while always maintaining safety. We should support our social care and health care partners to ensure older and vulnerable people still receive good services.
- **Supporting business and economic recovery** – we must support business, particularly small businesses, and our high streets to recover from the economic shock of Covid-19. We should support people to retrain and reskill where needed and encourage inward investment of new, green industry. We also must continue planning from the long term by seeking to build consensus around the Strategy for 2050 and PlanMK:2.
- **Action on climate change and sustainability** – making Milton Keynes the greenest and most sustainable city in the world, implementing the Sustainability Strategy and introducing an action plan to meet our intention to become carbon neutral by 2030 and a post-carbon city by 2050.
- **Reducing child poverty & inequality** – we will always prioritise protecting our vulnerable children from harm and neglect and providing support so every child has the opportunity to succeed, with a relentless focus on reducing child poverty.
- **Getting the basics right** – focusing on getting the basic services right, including waste collection, reducing littering and fly-tipping, improving landscaping and properly maintaining our highways by fixing more potholes and resurfacing more roads, pavements and redways. We will support our communities and tackle crime, exploitation and homelessness.

Delivering the Council Plan

The Council's performance management framework translates this Plan into practical action through a hierarchy of directorate and service summaries, team charters and individual objectives for each colleague. Overall performance is measured against a clear delivery plan, which will be an integral part of this Council Plan.

The diagram overleaf sets out, on one page, the main themes and how they connect to the overall vision and values for Milton Keynes Council.

The Delivery Plan is an integral part of the Council Plan and sets out the detailed activities and milestones that will deliver those themes from now until 2020 and inform project activity.
