

# What is it recycled into?

Draw a line to match up the items to what they are recycled into

Answers: Plastic bottles are chipped and remoulded into more plastic bottles, traffic cones, football kit, etc. Glass bottles and jars are melted down recycled into more glass bottles and jars. Plastic food tubs are chipped and remoulded into recycled board to make products such as picnic tables. Paper is recycled into more paper products, including tissues, egg cartons and newspaper. Steel food cans and aluminium drinks cans are melted and remoulded into more cans.
