

Top 10 tips for staying safe online

1. When creating a password make sure you choose a strong password at least 10 characters long. Make sure the password is unique and includes capitals, lower case, numbers, and special characters such as \$^&£.
2. Keep personal information personal, lockdown your privacy settings and always be wary of people trying to request contact from you that you don't know.
3. Remember that not everyone online is who they say they are.
4. Never meet up with anyone you've just met online.
5. Any email sent from us at Community learning will always have a council handle Firstname.Surname@milton-keynes.gov.uk .
6. Keep your computers and devices up to date. Having the newest versions will always help protect you from viruses and other potential threats.
7. Be wary of clicking on adverts or pop-ups as these may contain viruses and can potentially harm your computer.
8. Be careful when uploading photos.
9. Please refer to the Milton Keynes Council Internet Security Policy this is located on the Council's internet page
10. If you are ever wary of something that you may not know about you can always email us at communitylearning.mk@milton-keynes.gov.uk
