

# Parent briefing for Love Exploring competition

Click on the logo to watch  
MKC video

## What?

All primary school pupils in MK are invited to take part in the School Explorers competition using the Free Love Exploring App!

The Love Exploring App provides free, educational and fun games to play in and around Milton Keynes.

## Why?

This is an opportunity for families to get active over the summer break by exploring MK's Parks using a free, fun and educational app. The games are a great way for families to explore together and learn a few fun facts along the way.

## When?

The competition is played over the summer holidays between 22nd July to 4th September

## Get involved?

To play you'll need to download the Love Exploring App from your app store. You can find this by searching for Love Exploring, scanning this QR code or clicking on [this link](#).

In the Schools Explorer Competition Parents just need to download and sign up to the free LE app linking their user account to your school and earn points when you play.

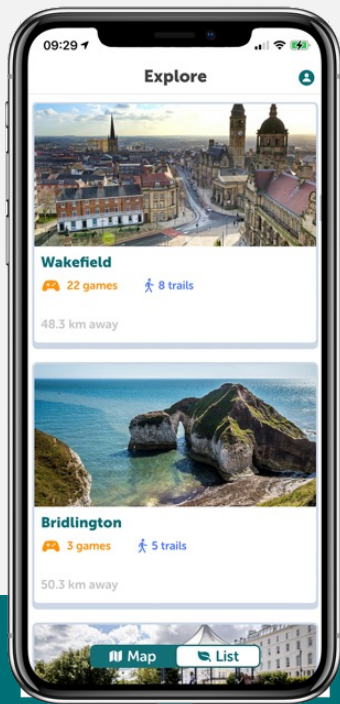

For more information visit the Love Exploring page on MK council website:  
<https://www.milton-keynes.gov.uk/health-and-wellbeing-hub/love-exploring>

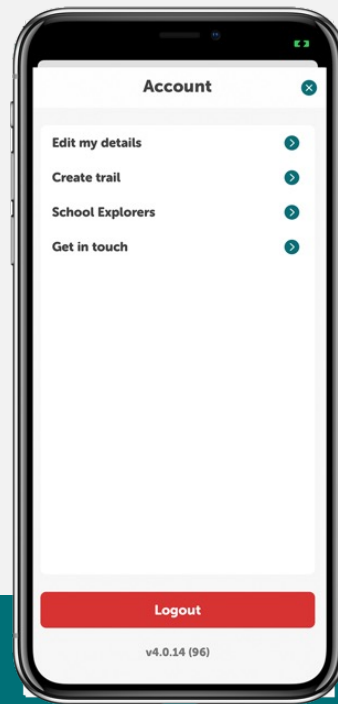

# Linking your account to your school

## It's easy to link your account to your school

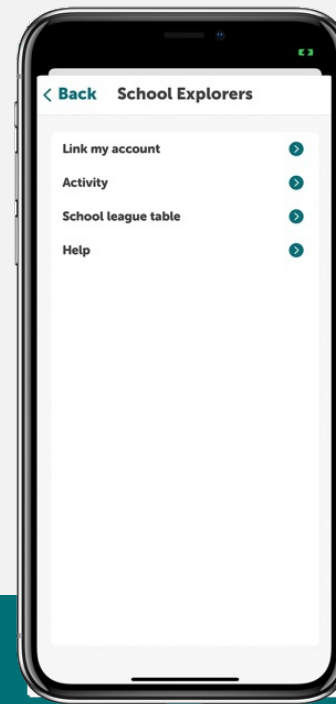

Just download the app and follow the menu choices below. When you have linked your account your points will be linked to your selected school.

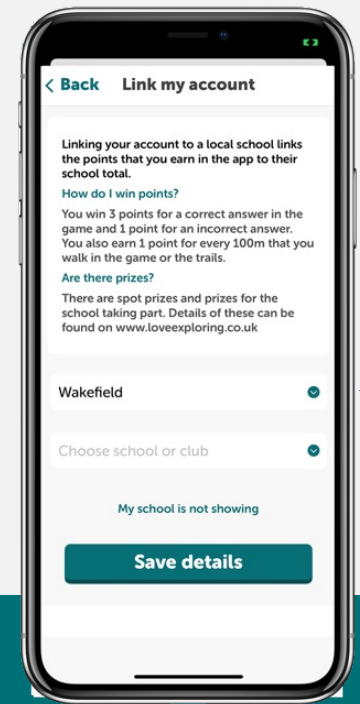

1.  
Select the menu icon in the top right hand corner

2.  
Choose School Explorers

3.  
Choose Link my account

4.  
Choose Milton Keynes and then your school
