

New City Place

MILTON KEYNES

With its imposing glass structures
positioned around a new public piazza,
New City Place is designed to change
the landscape in Milton Keynes

A fresh step forward for a visionary city

New City Place is a pioneering development set to raise the bar in MK and beyond

60 years ago, there was nothing here; just a few small villages and farms. Then someone had a vision of a new kind of town; a cleaner greener place to live and work but with all the shopping, leisure and cultural facilities of a major city centre. It's the thriving community we see today.

Now, it's time to take that vision forward, by creating a new focal point for Milton Keynes - a pioneering mixed-use development of up to 253,000 sq ft (NIA) of office space and 200 luxurious apartments. And between its two glass towers will be a new piazza of shops, cafes and restaurants - a lively venue all week long.

An impressive new central plaza will be the focal point of the new development

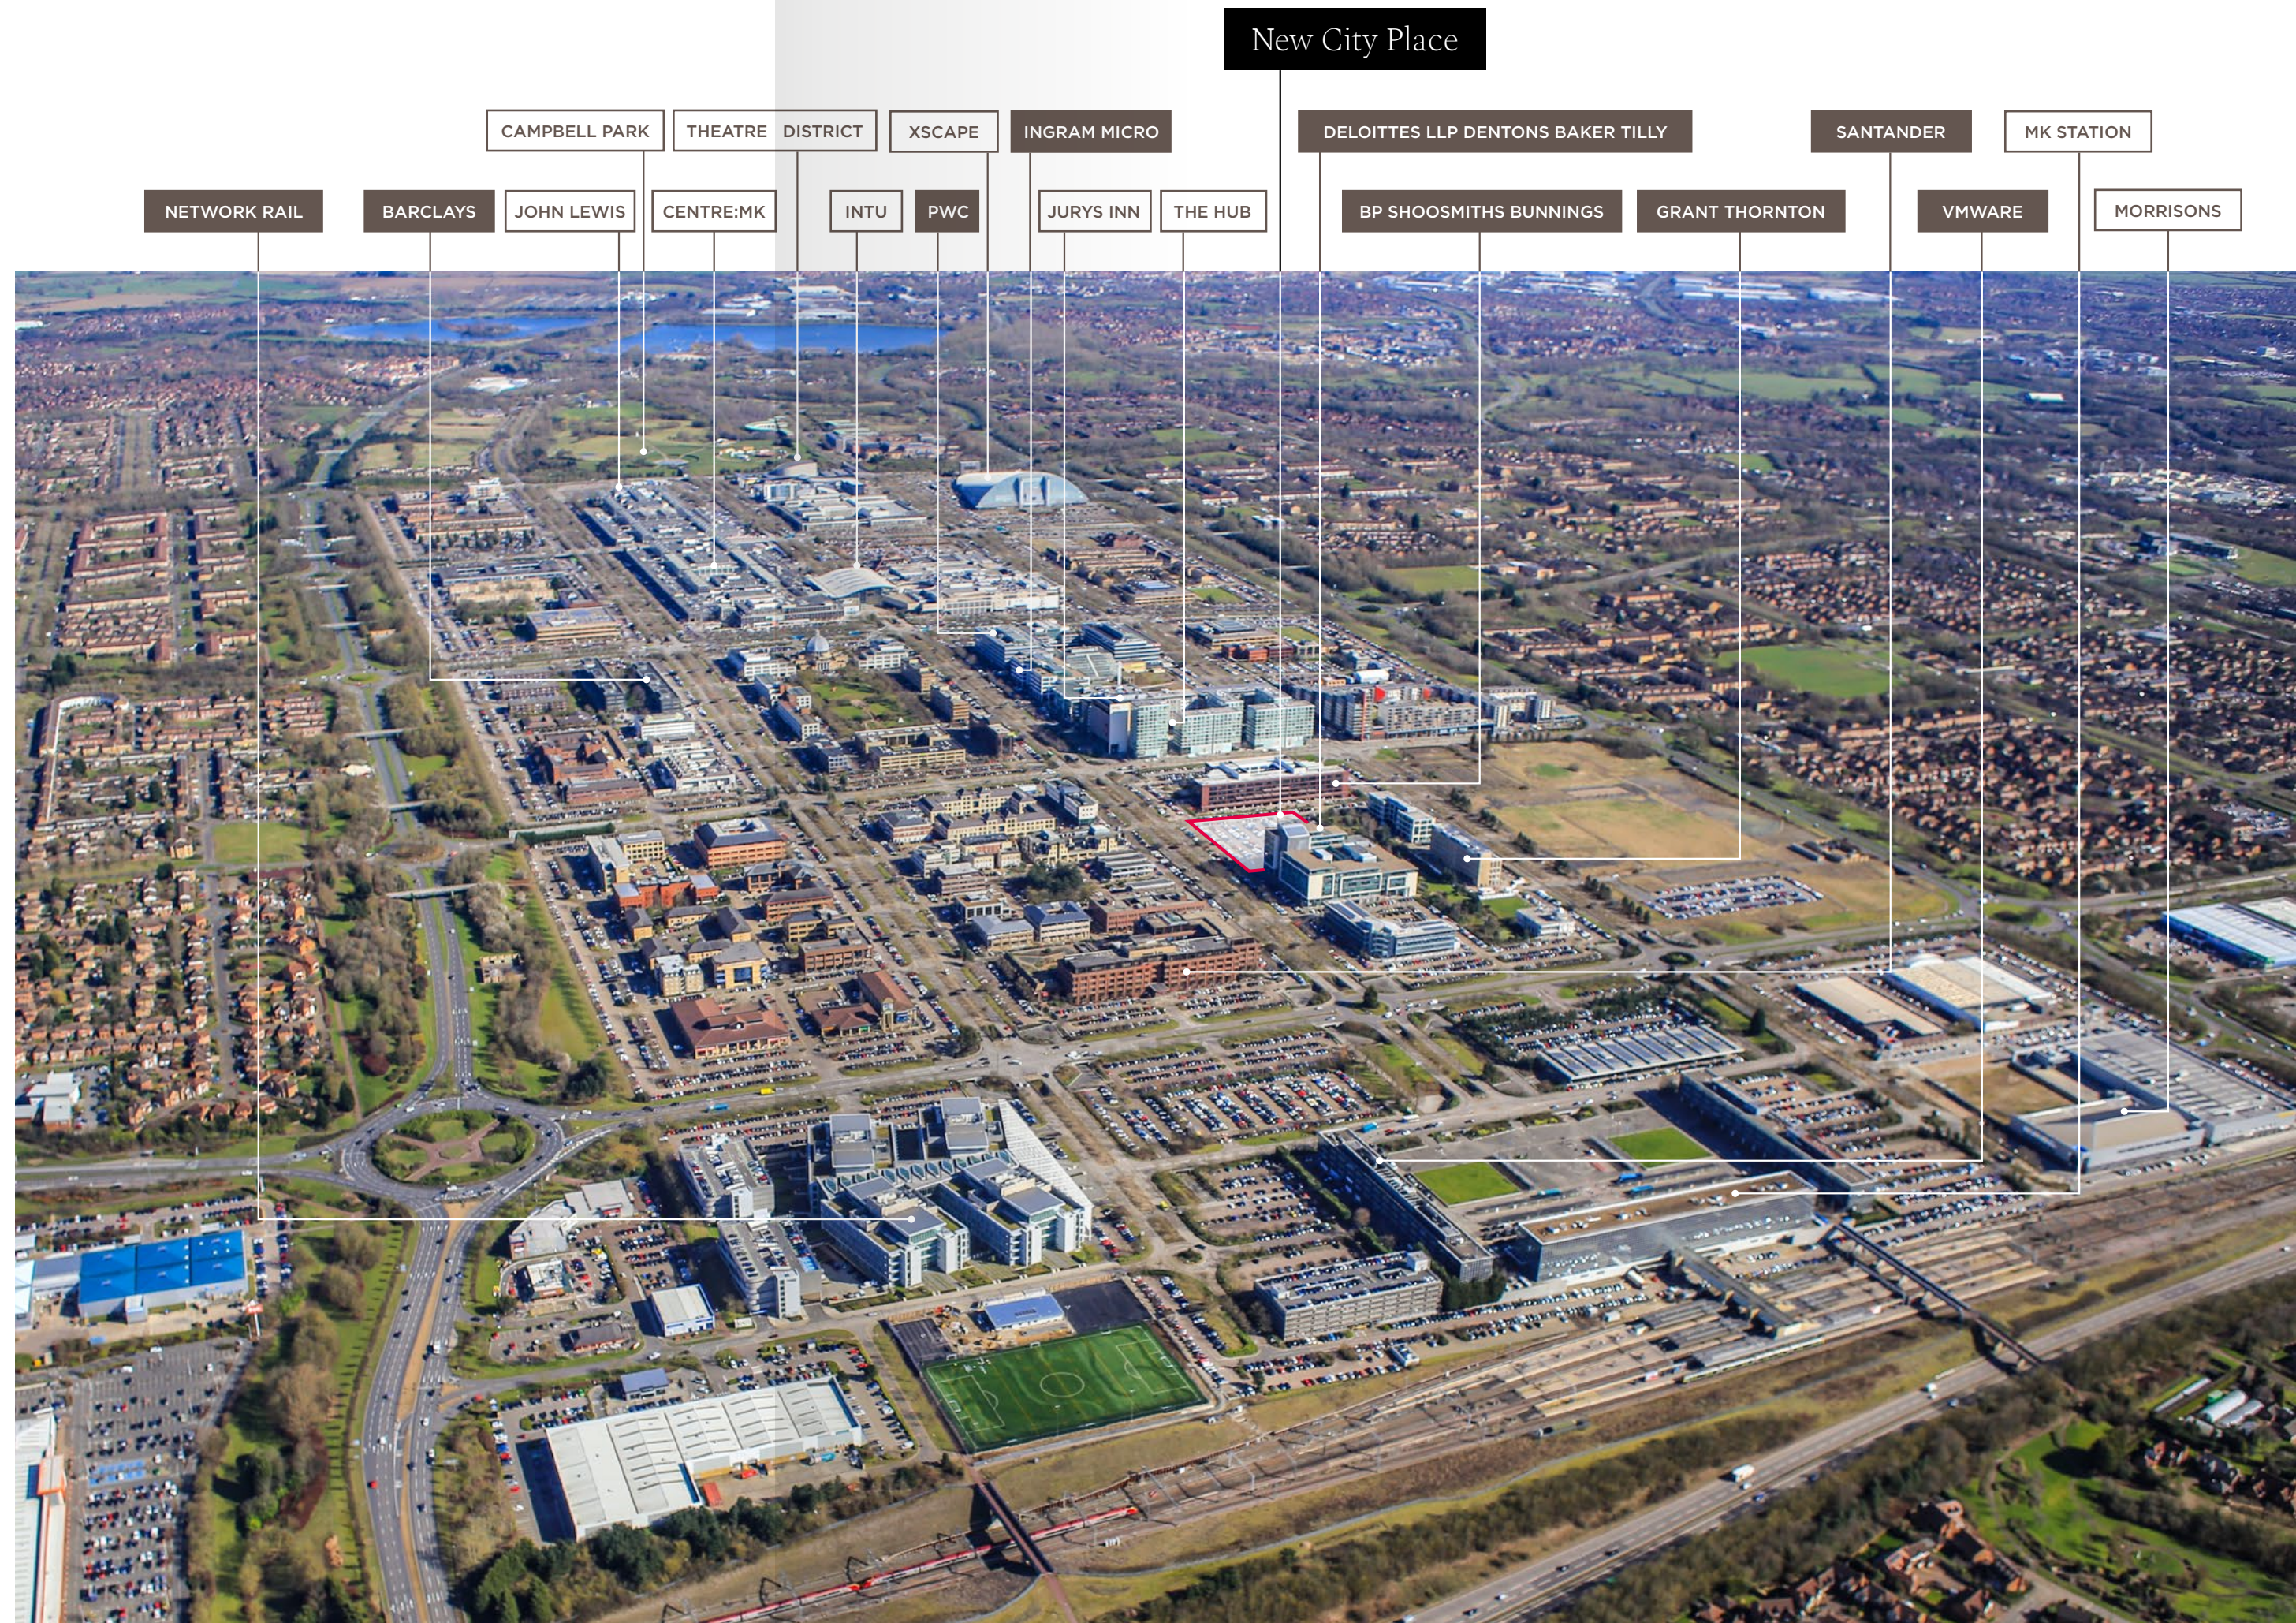

A city with innovation built in

New City Place occupies a prominent position at the heart of one of the UK's fastest growing business destinations

Milton Keynes is one of Britain's fastest-growing cities. And it's easy to see why. It's 30 minutes from London, it's on the Oxford/Cambridge corridor and close to the M1 for Birmingham and the North. Nearly ten million potential staff live within an hour's drive of Milton Keynes. And now the MK Smart City initiative enables businesses and residents alike to benefit from new technology including self-drive 'pods' to get around the city centre, cost effective local services to keep business rates low and coming soon: Britain's fastest broadband, a fibre-optic network offering up to 1,000Mbps/sec.

As you can see, Milton Keynes offers the full spectrum of shopping, cultural and leisure facilities - along with all the support services a company needs.

All that's missing is one outstanding, landmark development to provide businesses and residents with the prestigious accommodation the city now deserves.

At the heart of the UK
with access to London
in 30 minutes

Milton Keynes is strategically
located in a central position to London,
Birmingham, Oxford and Cambridge

FURTHER AFIELD

The thriving surrounding areas of Milton Keynes provide a fantastic environment for the local workforce to live.

1. Silverstone Park
2. Woburn Golf Course
3. Daytona Racing
4. Stowe School
5. MK Dons
6. Willen Lake
7. Campbell Park Cricket
8. Pagoda at Willen Lake
9. Woburn
10. Paris House Restaurant

A thriving business, retail and leisure destination

Where else can you ski, climb, bowl, shop, relax, walk in the park, catch a movie and enjoy fine dining all within walking distance?

Milton Keynes offers a comprehensive choice of leisure facilities for watching - or joining in.

Enjoy championship golf at Woburn or join one of 6 other local clubs (of varying grades and sizes). Try your hand at indoor skiing, boating or skydiving and unwind over a meal at a top class restaurant. Catch motor racing at Silverstone, horse racing at Towcester, or book seats at the UK's most successful theatre outside London. Day or night, there's always something happening in Milton Keynes. And New City Place will be close to the heart of it.

The Architects' Vision

'New City Place' presents the exciting opportunity to create a new focal point for civic life at the heart of Midsummer Boulevard, in central Milton Keynes

Landmark buildings will signal the presence of a new public square from key vantage points around the town and beyond. A publicly accessible high level viewing lounge will also allow unprecedented aerial views of the city, finally revealing the character and genius of its masterplan to all.

The proposals developed so far are illustrative of the potential of what will be possible on this last complete major development site within the central business district, so conveniently close to the main railway station. A balanced development, led by cutting-edge flexible and versatile workspace, and supported by high quality private rented sector apartments, underpinned by retail and amenity uses will bring leading office occupiers and residents to work and live in Milton Keynes. The emerging architectural expression will be designed to convey a sense of confidence and vision, setting new standards for future development.

By means of 'New City Place', Milton Keynes will show that it is open for business, forward-thinking and able to continue to offer businesses and residents a unique live / work balance into the future.
