Dear Mr Schofield,

**Milton Keynes Site Allocation Plan Examination – hearing sessions**

Thank you for the notification relating to the hearing sessions on Milton Keynes Council's Site Allocations Plan.

This letter is intended to clarify our position relating to the Site Allocations Plan following a telephone conversation with the Programme Officer regarding attendance at the hearing sessions.

Anglian Water has made a number of representations relating to the wording of the plan including the need for improvements to existing water and/or water recycling infrastructure and existing underground assets (where relevant).

We note that the Council has proposed a number of modifications to the Plan in response to Anglian Water's comments as set in the Schedule of Proposed Modifications (examination document SAP 9). It appears that the Council has accepted the need for additional wording as suggested by Anglian Water which is welcomed. Therefore we do not consider it necessary to attend the forthcoming hearing sessions.

However the proposed wording differs somewhat from that proposed by Anglian Water. There also appears to be a number of sites which have been omitted from those identified in Anglian Water's original representations and

the Summary of Representations and Council's response (examination document SAP 7). It is assumed that this is a typographical error.

Therefore we would wish to reserve the right to comment further on the Council's proposed modifications to the plan at a later stage.

Should you have any queries relating to this letter please let me know.

Yours sincerely

*Stewart Patience*
