Eco promise wreath

Hands up and promise to help the planet

You will need:

Paper plate Blue and green paper

Glue Pencil

Scissors Hole punch

String / ribbon

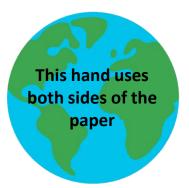

- Draw around your hand on green and blue paper. Do this 3 times and cut out, so that you have 6 hand shapes. Alternatively, cut out 6 hands on white paper and paint/colour in blue and green.
- 2. Cut out the centre of a paper plate so that only the outside ring is left.
- 3. Print off and cut out the eco message globes. Then glue them to the centre of the hands.
- 4. Then glue the hands around the back of the paper plate circle.
- 5. Hole punch a hole at the top of the paper plate and attach a piece of string or ribbon to hang up your eco wreath.
