

CIF Process 2022-2023

CIF Applications are submitted by parishes to Highways Liaison Team by 27 August 2021 for consideration.

CIF Applications received are checked by the Highways Liaison Team against the criteria. Missing or incomplete info is requested.

Successful parishes will be notified by MK Council via email. They will be asked to confirm if they accept the conditions (if any) for the funding for their project.

All eligible CIF applications listed on Delegated Decision papers and submitted for March. Cabinet Member will take final decision on this list.

Projects being delivered through MKC are project managed through the Highways Liaison Team who will arrange for the works to start with either the Highways or Environment teams.

On completion the funds will be paid. If MKC are carrying out the works, an invoice will be sent to the parish for their contribution. If the parish is arranging the works, they can submit a request for the funds from MKC.
