Dear Mr Cheston

Representations on the Published Plan:MK

I am now in receipt of the various statements in response to my Matters, Issues and Questions and confirmation of those who wish to speak at the hearings. A revised programme, listing participants, will be issued very shortly. It has become apparent, however, during the process of confirming who wishes to be heard that there may be some interested parties who made representations but are not on the databases provided to myself and the Programme Officer. It may well be the case that there were some late or inadmissible representations. I understand the date for representations on the published plan for the purposes of Regulation 20 (2)¹ was 20 December 2017. In accordance with Regulation 23 I can only consider representations that were made in accordance with Regulation 20 and as such cannot consider representations made after this date. As such, can I request the Council to undertake three actions prior to the opening of the hearing sessions on 10 July:

- (1) Double check there are no missing valid representations that should be on the databases (contacts and representations) provided to the Programme Officer and myself;
- (2) Provide a list of any late or inadmissible representations or confirm that there were none; and
- (3) Be in a position on the opening session to confirm the content of the Regulation 22 consultation statement and clarify/confirm the number of valid representations received on the published plan.

I am grateful for the Council's cooperation in this matter.

Yours sincerely

David Spencer

Inspector.
