**Subject:** RE: 19/01818/OUT- South Caldecotte

David / Phil

Further to the receipt of the SoS decision on 27/9/19 regarding the EIA and our subsequent meeting 3/10/19 with Tracey Darke and Jon Palmer.

At the meeting we asked Jon Palmer and it was agreed to recommence discussions with respect to all outstanding consultation responses and that you would advise at the earliest opportunity what information was required in the interim period to allow matters to be addressed. Specifically, that MKC would now

- provide the ecology response as yet unseen
- arrange meetings for discussion of the details highways issues
- engage in discussions on the terms of the s106 Agreement to enable a completed document to be available prior to determination.

Please can you provide updates on these matters asap

Kind Regards

**Colin Armstrong**  
Technical Director  
Hampton Brook (UK) Ltd

Dear Colin,

I haven't actually receive that email from Anglian Water Services, so you may wish to follow them up directly on that.

In relation to the updated archaeology information and request for highways discussion, we think it is sensible to wait for the response from MHCLG on the EIA Screening before we undertake any further consultation or discussions on the scheme, as the EIA decision will potentially impact requirements for further submission of information and consultation of stakeholders.

We will retain the information pending receipt of the EIA decision and if appropriate subsequent to that, we can undertake discussions or re-consultation.

Kind regards,

David Buckley  
Senior Planning Officer (Development control)
