Thank you for the opportunity to comment on the Stantonbury Submission Neighbourhood Plan. The following response is submitted on behalf of Anglian Water.

I would be grateful if you could confirm that you have received this response.

SNP2 Local Green Space Designation

We note that changes have been in response to our previous comments on the wording of Policy SNP2 of the Second Draft Neighbourhood Plan.

The policy as drafted now states development within designated Local Green Spaces will be allowed in exceptional circumstances where the benefits clearly outweigh the harm.

We are supportive of the policy as drafted assuming that infrastructure provided by Anglian Water would constitute an exception to this policy.

Should you have any queries relating to this response please let me know.
