Natural England

Many thanks for consulting Natural England on the proposed retention of Policies SNP14, SNP16 and SNP17 of the Stantonbury Neighbourhood Plan. Due to there being no designated sites or protected landscapes within or near the Neighbourhood Plan area, and there are less than 500 additional dwelling sites or 1000 sqm of commercial sites proposed, Natural England has no specific comments to make on the proposed.

Please see our previous letter dated 29 January 2019 (ref. 271581) for further comments.
