You don't often get email from [REDACTED]

CAUTION: This email originated outside of Milton Keynes City Council. Please be extra vigilant when opening attachments or clicking on links. Report spam or suspected malicious email via the REPORT MESSAGE icon above.

Dear Mr Blandamer,

Thank you for your below acknowledgement earlier in January for the representations I made in relation to HcLLNP.

Interestingly, I note from the relevant [MKCC web page](#) the examiner has raised a number of [initial queries](#) and the response of Haversham-cum-Little-Linford Parish Council and Milton Keynes City Council are published [here](#).

I am writing to you now because I am extremely puzzled how / why within the RESPONSE TO THE EXAMINERS QUESTIONS, it is asserted as follows:-

1. ***Community comments were shared with and discussed comment by comment by the Steering Group and HcLLPC*** and the limited changes to the Submission Plan which the Steering Group and HcLLPC felt were necessary to clarify the process to some respondents have been completed.
2. ***All community comments received are included in the document titled Report on Community Responses to Reg 14 included in Section 6 of the Consultation Statement which formed part of the submission documents and is also available from the HcLLPC website www.havershamtlinford.org/parish-council/neighbourhood-planning***. As the comments were made by individual members of the public they have been anonymised as far as possible.
3. ***Emails were sent to all statutory and community responders to thank them for their contributions and comments following the Regulation 14 consultation and to inform them of the next steps including directing them to the HcLLPC website as follows:***

"The HcLL Neighbourhood Planning Steering Group are very grateful for your participation in the recent Regulation 14 Neighbourhood Plan

Consultation. All the comments received have been read and discussed by the Steering Group. Where amendments to the plan are required as a result of consultation comments received, these will be included in the final Neighbourhood Plan Submission Document before it is submitted to Milton Keynes Council within the next two to three months.

4. ***All consultation comments received and reports detailing changes to the final plan will be included among the final submission documents and made available on the Parish Council website: Village | Haversham and Little Linford Parish Council (havershamtlinford.org)***

This was confirmed at the HcLLPC meeting on 20 June 2022 at minute no. 111/22 which is also published on the HcLLPC website <https://www.havershamtlinford.org/financials>. HcLLPC continues to provide regular updates on the HcLLNP at every one of its meetings including the Chair's report in the local magazine as confirmed at the HcLLPC meeting on 21 November 2022 at minute no. 167/22.

It may also be worth noting that the Annual Parish Public Meeting was held on 13 April 2022, a few days before the end of the consultation period. Key extracts of the plan were displayed as large posters in the meeting hall and those attending the meeting were encouraged to inspect these, which most did. Considerable time was also allowed during the meeting for an open discussion around the proposed plan, the consultation process and next steps.

I believe the 4 assertions in bold are manifestly incorrect as per my below correspondence with the PCC chair, which I shared with you in my email dated 13th January.

I would therefore be very grateful if you would kindly forward this observation to the examiner so he is able to obtain a correction from HcLLPC before the current process completes.

Many thanks & kind regards

Derek Jones
