

Milton Keynes Admiral Nurse service

Are you caring for a person living with Dementia?

We know that when you're facing dementia, life can feel overwhelming. Our nurses are here to help when you need it most.

They can support you in caring for the person living with dementia, so you have the strength to cope with the bad days, and the energy to enjoy the good days.

What is an Admiral Nurse

Admiral Nurses are specialist dementia nurses.

Continually supported and developed by Dementia UK, we provide life-changing support for families affected by all forms of dementia – including Alzheimer's disease.

As dementia specialists, Admiral Nurses help families manage complex needs – considering the person living with dementia and the people around them – and they can advise other healthcare professionals.

For families affected by dementia, Admiral Nurses can be a lifeline.
