

Have you considered being a School Governor?

Opportunities across Milton Keynes

Supporting your local school as a governor can make a real difference to children and young people. School Governors come from all sections of the community and from all walks of life. They play a key role in working alongside the school's senior leadership team to set strategic direction, monitor school performance and ensure appropriate accounting for the schools' finances. If you would like to use transferrable skills or learn new ones and work with like-minded people, then why not become a school governor?

For further information about being a governor in a Milton Keynes school, please contact Governor Services team at schoolgovernors@milton-keynes.gov.uk or our [webpage](#) where you will find some more information and an application form.
