

Consultation on the proposed federation of Great Linford Primary School and Greenleys Junior School

What is this consultation proposing?

The governing boards of Great Linford Primary School and Greenleys Junior School are writing to you to tell you about the start of a consultation process to create a federation between the two schools.

The governing boards believe that a federation of the two schools would be very positive and will build upon their collaboration to date. However, before we consider it any further, we would like to tell you about it, and find out your views. Greenleys Junior School was judged 'Good' by Ofsted in June 2023 and Great Linford Primary School was judged 'Good' at its last inspection in June 2019.

The proposal

In brief, the proposal is to formally federate the two schools, starting in January 2024. A federation is where both schools work very closely together under one governing board, while retaining their own identity.

The schools would share an Executive Headteacher, Mike Talbot, and have one governing board.

The role of the single governing board would be to:

- define a shared vision and strategic direction for the schools
- deliver robust combined financial management
- continue to hold the Executive Headteacher to account for the educational performance of the schools
- A new single federated governing board working across both schools would be created. It is currently proposed that there would be a total of 14 governors, of which there would be:
 - 2 x elected parent governors
 - 1 x elected staff governor
 - 1 x executive headteacher
 - 1 x local authority nominated governor
 - 7 x co-opted governors
 - 2 x associate governors (both Heads of School)

This would mean that:

- Both schools would keep their names and individual identities, existing as separate schools, on separate sites;
- Both schools would continue to be registered separately with Ofsted, and retain their existing judgements;
- Both schools would continue to have their own separate budgets;
- The governing board would set the strategic vision across the schools and ensure educational and financial accountability;
- Both schools would work in very close partnership for the benefit of all the children;
- Existing staff contracts would not change as a result of the federation;
- Admission arrangements for the schools would not be affected;
- A shared vision, values and ethos of the schools would be developed which would be safeguarded by the federation.

We believe that this is an excellent because: contribute to this consultation:

- Our schools have a shared ethos and have similar values and beliefs;
- It will provide a strong future for the schools by securing strong leadership;
- Standards will be improved through sharing best practice and development of subject and year group specialisms;
- It will mean that best practice, facilities and expertise will be shared between the two schools;
- It will provide opportunities for shared costs and efficiencies, meaning that there is more money available for high quality teaching and learning;
- It will provide benefits in terms of staff and governor retention, recruitment, and development.

Admission authorities

Great Linford Primary School and Greenleys Junior School are both community schools. The local authority, Milton Keynes City Council, is the admissions authority.

Next steps

The consultation period will begin on 30 October 2023 and will end on 10 December 2023. After this time, we will jointly consider any responses to the proposal and each governing board will decide whether to proceed or not. If it is decided that the proposal should go ahead, the new arrangements would start in January 2024.
