- Conduct comprehensive assessments to identify learning and behavioral difficulties in students.
- Collaborate with teachers, parents, and external agencies to develop personalised support plans.
- Provide guidance and advice on effective teaching strategies and classroom management techniques.
- Deliver training sessions to staff members on topics related to child development and mental health.
- Offer interventions to students who require additional emotional support.
- Contribute to the development and implementation of school-wide policies and initiatives.

Requirements:

- Possess a recognised qualification in Educational Psychology and be registered with the Health and Care Professions Council (HCPC).
- Demonstrate a thorough understanding of child development theories and effective intervention strategies.
- Have excellent communication skills, both written and verbal, to effectively collaborate with various stakeholders.
- Show empathy, patience, and a genuine passion for supporting students with diverse needs.
- Be highly organised, with the ability to manage multiple cases and prioritise workload effectively.
- Be able to use your initiative, be accountable and flexible.
