About our School:

At Moorland Primary School, we are determined to give our children every chance to realise their potential. We have high aspirations for our children and want to equip them with the confidence, resilience and a passion for learning. We strive to transform the future for our children and committed to give every young person the very best start so that every child leaves Moorland Primary school excited about their next stages of learning and determined to succeed.

Moorland Primary school is situated in a significantly deprived area where 56% of pupils receive pupil premium. SEN is well above national with Communication and Interaction being our highest need. Poor attendance and persistence absence remain our biggest barrier. However, we work tirelessly to improve this.

Pupils join us, often well below age related expectations. However, they make at least good progress in all year groups due to high quality teaching, learning and assessment from all our teachers. We are extremely proud that our year 6 pupils achieved national expectations for the end of KS2 in Summer 2024 and we are on track to achieve this again in summer 2025.

In your role as class teacher you will lead from the classroom and significantly impact and improve the life chances and outcomes of our pupils.

About the Role:

Are you committed, passionate and ambitious for all children to not only succeed, but to thrive? Are you ready for a new challenge? Then come & visit us at Moorland.

We are part of Campfire Education Trust and we truly believe that together we can make a

difference to children's lives. We are proud of our nurturing ethos, our community centred school and our friendly, supportive staff team.

We are looking for a dedicated and enthusiastic key stage 2 teacher to join our incredibly successful teaching team. If you have experience, resilience and a passion to inspire, don't hesitate to call to arrange a visit.
