

Street Name Plate Programme 25/26

Repairs or replacements

This is the list of street name plates (not directional signs) that are due to be repaired, replaced or rewrapped during the 2025-2026 financial year. We prioritise missing signs first followed by very faded signs. Damaged signs that are still readable will be repaired with any remaining budget.

This work will be carried out during the financial year (Apr 25-Mar 26) by our service provider, Ringway.
