About our School:

Denbigh School is an excellent school with an enviable reputation. It is a highly successful, over-subscribed comprehensive school with 1750 students aged 11 – 18 and over 200 staff. At Denbigh School, we firmly believe that every student has the right to learn in every lesson, and every teacher has the right to teach without disruption. Our strong expectations around behaviour and engagement foster a calm, purposeful and dynamic environment where both staff and students can thrive. Our school embodies the core values of Kindness & Respect, Engagement, and Doing No Harm. These values are central to everything we do, guiding our approach as a school and as a cohesive team of staff.

For more information about our school, please explore our website: <https://www.denbigh.net/>

About the Role:

SCIENCE TECHNICIAN

Are you fascinated by science and love being hands-on with experiments and equipment? Do you thrive in a fast-paced, collaborative environment and want to make a real difference behind the scenes in education?

Denbigh School is seeking a proactive and highly organised Science Technician to join our Science Faculty. This is an excellent opportunity to bring science to life for our students and help spark curiosity. As a Science Technician at Denbigh School, you will:

- Play a key role in supporting engaging Science lessons by preparing and setting up experiments across Biology, Chemistry and Physics
 - Ensure all practical resources and materials are safe, available and ready to inspire
 - Help deliver exciting classroom demonstrations that fuel students' passion for Science
 - Maintain and manage lab equipment, chemicals and materials with precision and care
 - Take ownership of stock control, orders, deliveries and the upkeep of lab spaces
 - Work closely with our Science teachers to troubleshoot and innovate behind the scenes
 - Contribute to a culture of health, safety and scientific curiosity

Closing date for applications: 07/07/2025
