IT Technician
£29,572 to £32,654 (pending 2025 pay award)
Permanent
Start date: 01/09/2025

About our School:

Watling Academy is an Ofsted 'Outstanding' secondary school situated on the western edge of Milton Keynes, encompassing the Whitehouse and Fairfields developments. Opening in September 2020, our school is a new and vibrant learning community for students aged 11-18. We are excited to open the Watling Academy Sixth Form to our first cohort of Year 12 students from September 2025, which will provide further educational opportunities. Our core values of Respect, Responsibility and Kindness embody the 'Watling Way' and are integral to the way we interact, learn and grow together as a community.

For more information about our school, please explore our website: www.watling.academy

Are you passionate about using technology to enhance education? Can you provide exceptional IT support in a fast-paced environment?

Watling Academy is seeking an innovative and dedicated IT Technician to join our innovative team. This is an exciting opportunity to be a key player in our Cloud migration journey, working within a collaborative Trust IT team.

- Provide technical support for staff and students, managing daily IT operations, including LAN, switching, firewalls, cabling, and user accounts on Prem AD and Azure AD.
- Oversee and maintain the Microsoft 365 environment, covering Security, Endpoint Manager, Exchange, SharePoint, Teams, and system backups, while monitoring security alerts.
- Troubleshoot and resolve issues with interactive whiteboards, end-user devices, and other school technologies, ensuring smooth classroom functionality.
- Collaborate with IT contractors, support website updates, and contribute to the development of the Trust's IT network with clear documentation and project management.
- Bring expertise in Windows Server networks, strong communication skills, and a commitment to continuous learning, supporting the overall success of the IT team.

Closing date for applications: 07/07/2025
