Subject: Review of Polling Districts, Polling Places and Polling Stations Consultation

Importance: Normal

Sensitivity: None

Good afternoon,

The council is carrying out a Polling District and Polling Places Review (PDR) on its draft proposals for the changes to 5 existing polling stations and a small number of polling districts. The consultation on our draft recommendations will end on Thursday 11 September 2025.

I am writing to you as you are a critical friend to Milton Keynes City Council in respect of services for people with physical disabilities and/or sensory impairments. Local authorities have a duty to review the accessibility of all polling places to disabled voters and ensure that every polling place, and prospective polling place, for which it is responsible is accessible to disabled voters 'so far as is reasonable and practicable'. We welcome any representations from MKCIL.

You can access the consultation by clicking [here](#) . Our [webpages](#) have also been updated with more information on the PDR and how you can respond.

Kind Regards

Peter Taylor

The consultation on our draft recommendations opens today, 19 June till 11 September 2025.

I am writing to you, as we have proposed to move the polling station at St Nicholas Church back to the Old Mill at Clifton Reynes as it has re-opened and it's a more accessible venue. Once the consultation ends in September, we will finalise our recommendations for consideration and approval by Full council in October 2025. Elections in May 2026 will be on the new polling districts and polling places.

The consultation on our draft recommendations opens today, 19 June till 11 September 2025.

I am writing to you, as we have proposed to move the polling station from Stony Stratford Library to the Parish Hall at St Mary & St Giles Church next door. The Hall would provide exclusive use for polling and better accessibility, unlike the library which remains open on polling days. Elections in May 2026 will be on the new polling districts and polling places.
