Notes	
1	Making an application Your application should include: • Plans showing the building before and after the work. • Any additional drawings, specifications, or calculations needed to demonstrate compliance with the relevant Building Regulations. Work completed before 11 November 1985 is not eligible for Regularisation.
2	Charges The correct charge applicable to this work will be determined on receipt of this form and the supporting information. VAT is not incurred for Regularisation applications.
3	Validation Once payment and all supporting information relevant to your project are received, your application will become valid. A Registered Building Inspector will review your application and contact you to: • Submit further information is required, or • Schedule an inspection.
4	Inspection Inspections are scheduled based on project requirements and current workload. There is no set timeframe , but we aim to progress all applications as efficiently as possible.
5	Uncovering Work and Compliance Checks If the application relates to work that has been covered, it may be necessary to expose certain areas of the building to allow Registered Building Inspector to assess compliance with the Building Regulations. It is the owner's responsibility to arrange and carry out any opening-up work requested by Registered Building Inspector. If any part of the work does not meet the required standards, the owner must ensure that appropriate remedial action is taken. If you fail to comply with inspection or corrective work requests, and the building work does not meet the required standards, the Local Authority has statutory powers to enforce compliance.
6	Town and Country Planning Building work and changing the use of a building may also need permission under the Town and Country Planning Act, to check this or for further guidance contact Planning Enquiries contact information on 01908 252358.
7	Data Protection Act and the General Data Protection Regulation (GDPR) We collect and use information about you so that we can provide you with building control services under The Building Regulations 2010 (as amended). Full details about how we use this data and the rights you have around this can be found on our website .
8	The above information is simplified general guidance notes if you would like any further or more detailed information, please Building Control general enquiries 01908 252721.
