Martin,

Thank you for your email confirming that the modifications this Council proposes to make to policy SD15 address Historic England's concerns and overcome your objections to the original version of this policy.

I will be forwarding your email together with my email and enclosures dated today (17 June 2018) to the Programme Officer Ian Kemp to inform the Inspector that you are satisfied that the modifications the Council proposes to make would overcome your original objection.

Regards

Michael Moore

Dear Michael,

David Wilkinson has passed your e-mail on to me as I am the HE SE Historic Environment Planning Adviser for Milton Keynes and author of our original comments and further statement.

I think the latter clearly confirms our position - that if the Modifications proposed are made, that would overcome our original objection. I am not sure what else you are asking for from us.

Unfortunately I will not be able to attend the hearing session tomorrow as I have another commitment, but as our objection would be overcome and we have confirmed that in writing, I do not think that there is a need for me to do so anyway.

Kind regards,

Martin (Small)

Subject: Urgent: Plan:MK Eaton Leys Historic England Comments

David,

At tomorrow afternoon's Milton Keynes Local Plan examination session, the Inspector has asked this Council to confirm the soundness of the strategic site housing allocations including for policy SD15 land at Eaton Leys including the planning status of site and heritage assets in relation to Magiovinium.

I appreciate things have moved on since your written statement on this site, copy attached, was submitted to us. Eaton Leys is now a committed housing site as outline planning permission has been granted for it, a management plan has been prepared, your letter of 10 December attached raised no objection to the application on heritage grounds and conditions for this site are being discharged.

However, as far as our Local Plan is concerned we are proposing to modify policy SD15 as shown in the table below and amend the policies map to amend the boundaries of the Eaton Leys housing site to exclude the scheduled Monument, see attached plan.

AddM52	54	SD15	<p>Amend sixth bullet point:</p> <p>Multi-functional and well-connected public open space, informal amenity space, children's play space, open space incorporating the <u>setting of the</u> scheduled monument <u>and other areas of archaeological interest</u>, surface water attenuation and strategic landscaping.</p> <p>Amend seventh bullet point:</p> <p>A layout that respects the Scheduled Monument, <u>its setting and other areas of archaeological interest by avoiding the Monument and these areas, allowing their preservation in situ</u>, to be demonstrated by a management plan which shall be submitted for approval in writing by the Council .</p>	<p>The make the policy effective and consistent with national planning policy and to address Historic England's concerns.</p>
--------	----	------	---	---

Can you please confirm the modifications we are making to Plan:MK in the table above and to the Policies Map satisfy Historic England's concerns so I can report this to the Inspector tomorrow?

If any concerns/questions please contact me
