<b>Paragraph</b>		
We are allocating East of Wavendon Strategic City Extension which has the potential for around 2,250 new homes to be delivered between 2038 and 2050. Delivery of this site is intended to commence once the currently planned growth to the south and south-east		
<b>Compliance Comment</b>		
Bedford Council are already planning major expansion just the other side of j13. This will bring major traffic in and around this part of MK via a421, this road already gets heavily congested and would not cope with additional traffic coming on or off towards the new homes on MK East. You need to work with Bedford council to work out a good plan to update road systems in the area to cope.		
<b>Modification Comment</b>		
You need a better road system in the area
