About the Role:

The reason you became a teacher matters here.

At The Woodlands School, the difference you make isn't just seen — it's transformative. If you believe that every young person deserves to be understood, valued and celebrated, and that being unique should be championed, then you may have just found your next chapter.

We are an all-age (Reception to Year 14) special school for students with Autism Spectrum Disorder and Social Communication Difficulties, many with associated learning needs. Across our three campuses in Milton Keynes, every student has an Education, Health and Care Plan (EHCP), and every student is known, supported and encouraged to thrive.

This role is based within our Primary Campus, where relationships, consistency and creativity are at the heart of everything we do.

What makes this role special?

Success here isn't defined by a single outcome. It's seen in the small steps, the breakthroughs, the confidence-built day by day.

You will:

Develop a deep understanding of each student — how they think, communicate and engage

Adapt teaching creatively across the curriculum to unlock potential

Create a classroom where curiosity is sparked and confidence grows

Celebrate progress in all its forms, every single day

We're looking for someone who:

Puts the welfare, safeguarding and success of every child first

Has high expectations and believes every student can achieve

Is reflective, resilient and ready to adapt

Understands that strong relationships are the foundation of learning

Wants to make a genuine, lasting difference

Experience in SEN is welcome but not essential. What matters most is your mindset. If you are ready to step into special education, we will invest in you with high-quality training and ongoing support.

Closing date for applications: 13/05/2026
