<b>Paragraph</b>		
In relation to part B. of Policy CEA9, enhancements may include facilitating habitats and routes for wildlife, such as bat and bird boxes, bee and bird bricks and hedgehog highways.		
<b>Compliance Comment</b>		
references in 312 are welcome, but they are not sound, nor consistent with national policy, because they do not include the content of NPPG Natural Environment 2025 paragraph 017 with regard to numbers of swift bricks, nor swifts bricks being a universal nest brick for a range of bird species, nor the best-practice guidance references <a href="https://www.gov.uk/guidance/natural-environment">https://www.gov.uk/guidance/natural-environment</a>		
<b>Modification Comment</b>		
To make the text sound, effective and consistent with national policy, please add the text from NPPG Natural Environment 2025 paragraph 017, especially with regard to at least one swift brick per dwelling for new developments, swift bricks being a universal nest brick for a range of small bird species, and the sources of best-practice guidance referenced in this paragraph of the NPPG. <a href="https://www.gov.uk/guidance/natural-environment">https://www.gov.uk/guidance/natural-environment</a>
