Hi, I would like tell you some things I feel are important in our beautiful city.
We first moved to MK in 1984, left in 1988, came back 'home' in 1995. Still here, still love the majority of MK. The greenery, the efforts made to keep traffic and people on foot separate and so safer.
The only estate I really don't like is Broughton, with its housing, schools etc coming right out to the H and V roads. The "old fashioned buffer" has gone. The trees, man-made piles/hills are gone. The mental and physical health natural support has gone. The built in safety has gone.
Please reconsider putting people before using every metre of land for financial profit as our future grows. Return it to the Green City of its inception plan.
Many thanks for your time.

Regards
Suzanne Brown
