Dear Sir/Madam,

I have read the WPC response and fully support their objection to the proposed Shenley Dens Farm development.

I also agree with the planning Inspector at the Local Plan public Inquiry in 2004, who firmly rejected this same site and correctly recommended that development to the east of the City where the landscape is not so attractive, would be a much preferable alternative.

I'd like to add that I think it's fair to say that there are many sites within MK that could be re-developed rather than lose this precious landscape at the outside of the MK plan.

Thanks and best wishes,

Tim Searle
